DEAR DR. HOSHEL

Re

Patient Name: MISSY	Owner: WAGGING HEART KENNELS
Reg # (CKC, AKC, other): N/A	
OVC Case Number: N/A	

I have reviewed the series of radiographs of the above-mentioned dog which you submitted which were made on August 16th, 2006 and were submitted for preliminary radiographic evaluation regarding hip and elbow dysplasia. I consider both coxofemoral joints and both elbows to be within normal limits for a dog of this breed and age.

Thank you for referring these interesting radiographs. If I can be of any further assistance with this case, please do not hesitate to contact me.

Yours Sincerely,

Howard Dobson, B.V.M. & S., D.V.Sc., Cert. E.O., D.A.C.V.R.
Radiologist
